

El Buen Alfarero

GRAPE VARIETIES:

95% Tempranillo and 5% Albillo

GRADE:

13% vol

TYPE OF SOIL:

Soils with a high concentration of limestone clay.

COLOUR:

Dark purple-red with intense bluish hues, medium-deep and bright

AROMA:

High intensity; fruity aromas with outstanding red fruit; very frank

PALATE:

Elegant, tasty, mineral and fresh. Combining red and dark fruit. Very pleasant mouthfeel. Round, velvety tannins with a very elegant, subtle finish. It is a wine that has a soul beyond its own personality

KNOW THIS WINE BETTER

El Buen Alfarero means 'The Good Potter', a craftsman whose hands mould clay to make unique pieces, each different, each containing a piece of his soul as he breathes life into every fragment that passes through his hands. Fragile pieces, pampered and cared for from the start, kept and shown as if they were small trophies that can only be had by one.
